

ANNOUNCEMENT

Beware of false reports in news aggregators

The information disseminated by one of the foreign news aggregators with reference to the UAPF, that from the 1st day of the next month of the current year, additional monthly cash payments to a certain (preferential) category of the population are introduced in Kazakhstan, does not correspond to reality.

Pension benefit payments from the UAPF to persons who have reached retirement age are made monthly according to the established schedule in accordance with the Methodology for calculating the amount of pension benefits from the UAPF, approved by Decree of the Government of the Republic of Kazakhstan dated October 2, 2013 No. 1042. It is also possible to receive payments according to the schedule from the UAPF up to reaching the generally established retirement age in connection with the establishment of an indefinite disability of the first and / or second group.

The above Methodology provides for an annual increase in the size of the monthly pension from the UAPF for the previous year by the indexation rate of pension payments - 5%.

You can control pension savings on an individual pension saving account with UAPF in your personal account on the UAPF website (www.enpf.kz) or in the UAPF mobile application, as well as on the e-government website (www.egov.kz).

We ask citizens to be guided only by reliable information from official sources.

The UAPF was established on August 22, 2013 on the basis of GNPf APF JSC. The UAPF founder and shareholder is the Government of the Republic of Kazakhstan represented by the State Institution "Committee of State Property and Privatization" of the Ministry of Finance of the Republic of Kazakhstan. UAPF pension assets are managed by the National Bank of the Republic of Kazakhstan. From January 1, 2016, the functions for developing proposals to improve the management of pension assets were transferred to the National Fund Management Council. In accordance with the pension legislation, the UAPF attracts compulsory pension contributions, compulsory occupational pension contributions, voluntary pension contributions, pension benefits, individual accounting of pension accumulations and benefits, provides the contributor (beneficiary) with information on the status of his pension accumulations (for more information visit www.enpf.kz)
