

ANNOUNCEMENT

UAPF Mobile Offices this year provided services in 762 settlements of Kazakhstan

As you know, our country ranks ninth in terms of area in the world, and it is not possible to cover the entire republic with its UAPF service offices. The Internet also does not yet cover the entire territory. To solve the problem of providing access to the Fund's services for residents of remote regions and settlements of Kazakhstan, a project called Mobile Office was launched three years ago. This is a modern minibus, which is equipped with everything necessary to service contributors (beneficiaries), including modern satellite communications.

Note that residents of remote settlements can receive the same services in the "Mobile Office" as in UAPF branches, in particular, receive an extract from an individual pension saving account, submit an application for changing / supplementing the contributor's details, conclude an agreement on the method of informing, submit application for benefit of disability or voluntary pension contributions, etc.

Since 2021, the UAPF has covered remote settlements of the East Kazakhstan, West Kazakhstan and Turkestan regions with mobile offices. In addition, the Mobile Office serves remote settlements in Akmola, Aktobe, Almaty, Atyrau, Zhambyl, Karaganda, Kostanay, Kyzylorda, Pavlodar and North Kazakhstan regions.

In total, from January 1 to October 1 of this year, over 85 thousand services were rendered within the framework of the project, to almost 70 thousand contributors and beneficiaries. At the same time, mobile offices visited 762 unique settlements in Kazakhstan.

We remind you that mobile office visits to the districts are carried out according to a pre-planned schedule, and all routes are coordinated with local executive bodies, which, in turn, notify residents about the arrival of the Mobile Office.

The UAPF was established on August 22, 2013 on the basis of GNPF APF JSC. The UAPF founder and shareholder is the Government of the Republic of Kazakhstan represented by the State Institution "Committee of State Property and Privatization" of the Ministry of Finance of the Republic of Kazakhstan. UAPF pension assets are managed by the National Bank of the Republic of Kazakhstan. From January 1, 2016, the functions for developing proposals to improve the management of pension assets were transferred to the National Fund Management Council. In accordance with the pension legislation, the UAPF attracts compulsory pension contributions, compulsory occupational pension contributions, voluntary pension contributions, pension benefits, individual accounting of pension accumulations and benefits, provides the contributor (beneficiary) with information on the status of his pension accumulations (for more information visit www.enpf.kz)
