

ANNOUNCEMENT

Apply for your pension on time!

In 2022, about 7 thousand persons who have reached retirement age and have pension savings in the UAPF, but who did not apply for them in a timely manner, received pension benefits, of which 4.5 thousand are women, 2.5 thousand are men. This became possible, among other things, as a result of the reconciliation that the UAPF annually conducts jointly with the State Corporation "Government for Citizens" NJSC (State Corporation) to identify persons who have reached retirement age and have pension savings in the UAPF, while receiving pension benefits according to age at the expense of budgetary funds, but who did not apply for payment to the UAPF.

The service was provided by the State Corporation in a proactive format to 24,000 people from this category of people.

At the same time, based on the results of the UAPF activities carried out with the State Corporation, it was decided to conduct additional targeted informing of the specified category of beneficiaries via e-mail and (or) telephone numbers of subscriber's cellular devices.

As a result of targeted informing of the UAPF, about 20 thousand beneficiaries of pension benefits were informed.
