

ANNOUNCEMENT

UAPF is more mobile now

The Unified Accumulative Pension Fund has a developed regional network, however, due to the massive territory of Kazakhstan, it is simply impossible to establish UAPF service offices in every remote region or settlement. In this regard, the Mobile Office project has been operating in the Unified Accumulative Pension Fund for the third year already. This is a modern minibus equipped with everything necessary to service contributors (beneficiaries), including modern satellite communications.

Note that residents of remote settlements can get the same services in the Mobile Office as in the UAPF branch offices, in particular, get their account statement or apply for the transfer of pension savings to an insurance company, open an individual pension saving account for voluntary pension contributions, change the way of communication and much more.

The mobile office serves remote settlements in Akmola, Aktobe, Almaty, Atyrau, Zhambyl, Karaganda, Kostanay, Kyzylorda, Pavlodar and North Kazakhstan regions.

From the beginning of 2021, the UAPF becomes even more mobile and covers remote settlements of the East Kazakhstan, West Kazakhstan and Turkestan regions with mobile offices.

We remind you that mobile office visits to the districts are carried out according to a pre-planned schedule, and all routes are coordinated with local executive bodies, which, in turn, notify residents of the arrival of the Mobile Office.

UAPF was established on August 22, 2013 on the basis of GNPf APF JSC. The UAPF founder and shareholder is the Government of the Republic of Kazakhstan represented by the State Institution "Committee of State Property and Privatization" of the Ministry of Finance of the Republic of Kazakhstan. UAPF pension assets are managed by the National Bank of the Republic of Kazakhstan. From January 1, 2016, the functions for developing proposals to improve the management of pension assets were transferred to the National Fund Management Council. In accordance with the pension legislation, the UAPF attracts compulsory pension contributions, compulsory occupational pension contributions, voluntary pension contributions, pension benefits, individual accounting of pension accumulations and benefits, provides the contributor (beneficiary) with information on the status of his pension accumulations (for more information visit www.enpf.kz)
