

ANNOUNCEMENT

More than USD46.8 million has been allocated for housing and education under the National Fund for Children program.

As of April 1, 2026, since the program's launch (February 1, 2024), **273,371 applications** have been processed for a total of over **USD46.83 million**, which was transferred to authorized operators for subsequent crediting to applicants' bank accounts. The majority of applications were processed for the purpose of improving housing conditions - **171,696 applications** for a total of **USD29.40 million**. For the purpose of paying for education, **101,675 applications** were processed for a total of **USD17.43 million**. Recipients of target savings (TS) have the right to use the funds in full or in part, while the unused balance is retained in the target savings account (TSA).

The most popular housing improvement program was improving of **housing construction** savings for further savings (167,776 applications completed, totaling USD28.79 million). Funds were also used as down payments for mortgage loans to purchase housing (1,345 applications, totaling USD214,390), and for the purpose of acquiring housing through civil law transactions (final settlements), totaling 938 applications, totaling USD144,470.

Within the framework of the use of targeted savings for **education**, the largest volume of funds was allocated for the payment of educational services of educational organizations located in the territory of the Republic of Kazakhstan, in installments (for each academic period or academic year) or in full at one time (for the entire period of study) (93,586 applications were fulfilled for a total of approximately USD16.32 million). The following areas were also in demand: replenishment of an educational savings deposit under an agreement on an educational savings deposit (5,590 applications were fulfilled for a total of over USD748.76 thousand), payment for educational services of foreign educational organizations in installments (for each academic period or academic year) or in full at one time (for the entire period of study) (2,018 applications were fulfilled for a total of USD294.58 thousand).

[Detailed information](#) on TS payments for the purpose of improving housing conditions and/or paying for education, broken down by authorized operators and regions, can be found on the website enpf.kz.

Let us recall that based on the results of 2025, Kazakhstani children received the next payment in the amount of 130.71 **US dollars** per child, for 2024 - **129.38 US dollars**, and for 2023 - **100.52 US dollars**.

Children under 18 receive annual payments from the National Fund as targeted benefits. According to law, the amounts accrued to young Kazakhstanis remain part of the

National Fund's assets and continue to be invested. Through continued investment, each child's targeted benefit amount **increases annually through the investment income received.**

As a result, **the total accumulated** target requirement (including the annually accrued investment income) for a child participating in the program:

- three years, **USD370.56;**
- two years, **USD263.93;**
- one year, **USD130.71.**

Parents and other legal representatives can check the child's participation in the program for children under 18 using their individual identification number (IIN) on the **kids.enpf.kz** website, in their personal account on the **eGov.kz** e-government portal, and in the eGov Mobile and some second-tier bank mobile apps.

If information about target benefits accrued to children for the 2025 reporting year is not displayed, you must **update the documents** in the mobile apps by following this path:

- in the eGov Mobile app: "Digital Documents" - "Family" - "Update Document List" - "National Fund Payments";
- in the mobile apps of second-tier banks, such as Kасpi.kz: "Gosuslugi" - "All Documents" - "Update Document List" - "National Fund Payments."

The absence of information on the accrual of target benefits for children who have reached or will reach 18 years of age this year in the legal representative's personal account is due to the fact that target benefits have acquired the status of TS, and therefore **access to information about them is provided directly to the TS recipient** (a citizen who has reached or will reach 18 years of age in 2026). These individuals must independently obtain information about their TS through their personal account on the ENPF or e-government websites. Upon reaching 18 years of age, they can contact an authorized operator to open a US dollar bank account and submit an online application for TS payment to improve their housing conditions and/or pay for education.

Currently, the authorized operators are:

- Otbasy Bank JSC (for housing and education),
- Halyk Bank JSC (for education),
- Bank CenterCredit JSC (for education).

Statistics on minor children eligible for targeted assistance and adult recipients of the TS, as well as on **the use** of the TS for housing and/or education, can be found on the enpf.kz website.
