From the given statistical data it follows that the largest number of children participating in the target requirements live in the **Turkestan region** (922,841 children were

awarded 92,763,977.32 US dollars). Of these, 41,968 recipients of target savings who are 18 years old this year received 4,218,623.36 US dollars credited to target savings accounts.

In second place in terms of the number of children is the **city of Almaty** (666,443 children were credited with 66,990,850.36 US dollars), of which 26,621 recipients of target savings who reached 18 years of age this year, 2,675,942.92 US dollars were credited to target savings accounts.

In third place is the **Almaty region** (608,711 children received 61,187,629.72 US dollars). Of these, 26,802 recipients of target savings who reach 18 years of age this year received 2,694,137.04 US dollars to target savings accounts.

Let us remind you that for 2023, all children from the National Fund of Kazakhstan will receive the same amount of **100 dollars and 52 US cents**, which will increase annually due to the growth of the National Fund's assets and the receipt of investment income.

Parents or other legal representatives of a minor can check information about the child's participation in the program and accrued target requirements on the specially created website kids.enpf.kz using the child's IIN, where you can familiarize yourself with the terms of the program, receive instructions, and answers to questions of interest. Parents can also check data on accruals for each child in their personal account on the egov.kz portal.

An adult citizen can check the target savings independently in his personal account on the enpf.kz website, in the UAPF mobile application or on the egov.kz portal.

Detailed statistics on accruals by age, gender, and regions of the republic are presented on the website enpf.kz.
